INDEX TO VOLUME 79

Anastomoses, intramuscular, with observations on the regeneration of devascularized muscle. By W. E. Le Gros Clark and L. B. Blomfield, 15
Appleton, A. B. The arteries and veins of the lungs. I. Right upper lobe, 97
Arteries and veins of the lungs. I. Right upper lobe. By A. B. Appleton, 97
Arteries, atrial, in a human heart. By W. C. Osman Hill, 41
— umbilical; the subendothelial cushions. By I. W. Monie, 137
Atretic ova in the rodent ovary; parthenogenesis. By P. Bacsich and G. M. Wyburn, 177
Atrial arteries in a human heart. By W. C. Osman Hill, 41
Atrio-ventricular node and bundle in the human heart. By E. W. Walls, 45

Bacsich, P. and Wyburn, G. M. The vascular pattern of peripheral nerve during repair after experimental crush injury, 9
— — The effect of interference with the blood supply on the regeneration of peripheral nerves, 74
— — Parthenogenesis of atretic ova in the rodent ovary, 177
Barnicot, N. A. Some data on the effect of parathormone on the grey-lethal nouse, 83
Blair, Duncan MacCallum. In Memoriam, 94
Blomfield, L. B. *See* Clark, W. E. Le Gros, joint authors, 15
Blood supply; effect of interference with, on the regeneration of peripheral nerves. By P. Bacsich and G. M. Wyburn, 74
Boutons terminaux in the cerebral cortex. By A. Meyer and M. Meyer, 180
Brain, lemuroid; palaeontology. By W. E. Le Gros Clark, 123
Brain sections; a simple method of vascular injection. By O. E. Nichterlein, 92

Cardiac ventricles of the albino rat; post-natal growth-changes. By J. A. Keen, 38
Cell content of synovial fluid. By D. V. Davies, 66
Cerebral cortex; *boutons terminaux*. By A. Meyer and M. Meyer, 180
Clark, W. E. Le Gros. Note on the palaeontology of the lemuroid brain, 123
Clark, W. E. Le Gros and Blomfield, L. B. The efficiency of intramuscular anastomoses, with observations on the regeneration of devascularized muscle, 15
Cleavage stages of the ova of the horse, with notes on ovulation. By W. J. Hamilton and F. T. Day, 127
Cross-unions of visceral and somatic nerves; regeneration of fibre diameter. By S. A. Simpson and J. Z. Young, 48
Crush injury; vascular pattern of peripheral nerve during repair. By P. Bacsich and G. M. Wyburn, 9

Davies, D. V. The cell content of synovial fluid, 66
Day, F. T. *See* Hamilton, W. J., joint authors.
Diameters, two main, at the brim of the female pelvis. By C. Nicholson, 131
Dissection of the atrio-ventricular node and bundle in the human heart. By E. W. Walls, 45

Echidna-pterygoid. By H. Leighton Kesteven, 121
Effect of interference with the blood supply on the regeneration of peripheral nerves. By P. Bacsich and G. M. Wyburn, 74
Efficiency of intramuscular anastomoses, with observations on the regeneration of devascularized muscle. By W. E. Le Gros Clark and L. B. Blomfield, 15

Female pelvis; two main diameters at the brim. By C. Nicholson, 131
Fibre diameter; regeneration after cross-unions of visceral and somatic nerves. By S. A. Simpson and J. Z. Young, 48
Foetal whale; spinal nervous system. By G. J. Romanes, 145

Grey-lethal mouse; effect of parathormone. By N. A. Barnicot, 83
Growth-changes, post-natal, in the cardiac ventricles of the albino rat. By J. A. Keen, 38
Gutmann, E. The reinnervation of muscle by sensory nerve fibres, 1

Hamilton, W. J. and Day, F. T. Cleavage stages of the ova of the horse, with notes on ovulation, 127
Heart; atrial arteries. By W. C. Osman Hill, 41
— atrio-ventricular node and bundle. By E. W. Walls, 45
Hill, W. C. Osman. Atrial arteries in a human heart, 41
Homografts in rabbits; behaviour and fate. (A report to the War Wounds Committee of the Medical Research Council), 157
Horse; cleavage stages of the ova, with notes on ovulation. By W. H. Hamilton and F. T. Day, 127
Hypophysis cerebri; meningeal relations. By S. Sunderland, 33

In Memoriam. Duncan MacCallum Blair, 94
Intramuscular anastomoses, with observations on the regeneration of devascularized muscle. By W. E. Le Gros Clark and L. B. Blomfield, 15

Keen, J. A. Post-natal growth-changes in the cardiac ventricles of the albino rat, 38
Kesteven, H. Leighton. The echidna-pterygoid, 121

Lemuroid brain; palaeontology. By W. E. Le Gros Clark, 123
Lungs; arteries and veins. I. Right upper lobe. By A. B. Appleton, 97

Medawar, P. B. A second study of the behaviour and fate of skin homografts in rabbits. (A report to the War Wounds Committee of the Medical Research Council), 157
Meningeal relations of the human hypophysis cerebri. By S. Sunderland, 33
Meyer, A. and Meyer, M. *Boutons terminaux* in the cerebral cortex, 180
Monie, I. W. Some observations on the subendothelial cushions of the umbilical arteries, 137
Mouse, grey-lethal; effect of parathormone. By N. A. Barnicot, 83
Muscle, devascularized; efficiency of intramuscular anastomoses. By W. E. Le Gros Clark and L. B. Blomfield, 15
— reinnervation by sensory nerve fibres. By E. Gutmann, 1

Nerve fibres, sensory; reinnervation of muscle. By E. Gutmann, 1
Nerve, peripheral; effect of interference with the blood supply on their regeneration. By P. Bacsich and G. M. Wyburn, 74
— — vascular pattern during repair after experimental crush injury. By P. Bacsich and G. M. Wyburn, 9
Nerves, visceral and somatic; regeneration of fibre diameter after cross-unions. By S. A. Simpson and J. Z. Young, 48
Nervous system, spinal, in the foetal whale (*Megaptera nodosa*). By G. J. Romanes, 145
Nicholson, C. The two main diameters at the brim of the female pelvis, 131
Nichterlein, O. E. A simple method of vascular injection and its application in preparing brain sections, 92
Node, atrio-ventricular, and bundle in the human heart. By E. W. Walls, 45

Ova, atretic, in the rodent ovary; parthenogenesis. By P. Bacsich and G. M. Wyburn, 177
Ova of the horse; cleavage stages, with notes on ovulation. By W. J. Hamilton and F. T. Day, 127

Palaeontology of the lemuroid brain. By W. E. Le Gros Clark, 123
Parathormone; effect on the grey-lethal mouse. By N. A. Barnicot, 83
Parthenogenesis of atretic ova in the rodent ovary. By P. Bacsich and G. M. Wyburn, 177
Pelvis, female; two main diameters at the brim. By C. Nicholson, 131
Peripheral nerves, regeneration; effect of interferencé with the blood supply. By P. Bacsich and G. M. Wyburn, 74
— — vascular pattern during repair after experimental crush injury. By P. Bacsich and G. M. Wyburn, 9
Post-natal growth-changes in the cardiac ventricles of the albino rat. By J. A. Keen, 38

Rat, albino; post-natal growth-changes in the cardiac ventricles. By J. A. Keen, 38
Regeneration of devascularized muscle; efficiency of intramuscular anastomoses. By W. E. Le Gros Clark and L. B. Blomfield, 15
Regeneration of fibre diameter after cross-unions of visceral and somatic nerves. By S. A. Simpson and J. Z. Young, 48
Regeneration of peripheral nerves; effect of interference with the blood supply. By P. Bacsich and G. M. Wyburn, 74
Reinnervation of muscle by sensory nerve fibres. By E. Gutmann, 1
Romanes, G. J. Some features of the spinal nervous system of the foetal whale (*Megaptera nodosa*), 145

Second study of the behaviour and fate of skin homografts in rabbits. (A report to the War Wounds Committee of the Medical Research Council.) By P. B. Medawar, 157
Sensory nerve fibres; reinnervation of muscle. By E. Gutmann, 1
Simple method of vascular injection and its application in preparing brain sections. By O. E. Nichterlein, 92
Simpson, S. A. and Young, J. Z. Regeneration of fibre diameter after cross-unions of visceral and somatic nerves, 48
Skin homografts in rabbits; behaviour and fate. (A report to the War Wounds Committee of the Medical Research Council.) By P. B. Medawar, 157
Some data on the effect of parathormone on the grey-lethal mouse. By N. A. Barnicot, 83
Some features of the spinal nervous system of the foetal whale (*Megaptera nodosa*). By G. J. Romanes, 145
Some observations on the subendothelial cushions of the umbilical arteries. By I. W. Monie, 137
Spinal nervous system of the foetal whale (*Megaptera nodosa*). By G. J. Romanes, 145
Subendothelial cushions of the umbilical arteries. By I. W. Monie, 137
Sunderland, S. The meningeal relations of the human hypophysis cerebri, 33
Synovial fluid; cell content. By D. V. Davies, 66

Two main diameters at the brim of the female pelvis. By C. Nicholson, 131

Umbilical arteries; the subendothelial cushions. By I. W. Monie, 137

Vascular injections; a simple method and its application in preparing brain sections. By O. E. Nichterlein, 92
Vascular pattern of peripheral nerve during repair after experimental crush injury. By P. Bacsich and G. M. Wyburn, 9
Veins and arteries of the lungs. I. Right upper lobe. By A. B. Appleton, 97
Ventricles, cardiac; post-natal growth-changes in the albino rat. By J. A. Keen, 38

Walls, E. W. Dissection of the atrio-ventricular node and bundle in the human heart, 45
Whale, foetal; spinal nervous system. By G. J. Romanes, 145
Wyburn, G. M. *See* Bacsich, P., joint authors, 9, 74, 177

Young, J. Z. *See* Simpson, S. A., joint authors.
